ABOUT RETCON GAMES

RETCON Games is a small indie studio established in 2021. The studio's goal is to create memorable narrative experiences, showcasing diverse perspectives and stories.

The aim of RETCON Games is to make space for stories that haven't been given a chance to be told and for creators that haven't been given a chance to shine.

Everyone deserves to see themselves in games. And with each release, RETCON Games hopes to grow a community of folks who finally feel seen.

ABOUT THE FOUNDER

Jes Negrón has worked in media for over 19 years as a writer, editor, producer, and designer in web, books, video games, and politics. She specializes in stories and how to tell them. Currently they are the solo developer behind RETCON Games.
